Create New Event

**Print Scale**

What scale will you be using to print your courses? In most cases, you will want to use the existing scale of the map.

Map scale: 1: 7500

Default printing scale: 1: 7500 ▾

(You can change the printing scale later for any course by choosing Course/Properties.)

Cancel

**Control Numbering**

Newly created controls are automatically numbered. Please choose the starting control number to use.

Starting code:

51

☐ Disallow codes that could be read upside-down (e.g., "68"/"89")

(This setting can be changed later using Event/Automatic Numbering)
