Hope you all enjoyed the great orienteering Hindhead has to offer and that made the walk from your cars worth it. SN have explored many possibilities for good parking for large numbers of cars but good areas don't automatically come with that! Thank you all for coming and to a great SN team for making the event possible.

Thanks must also go to Head Warden, Matt Cusack and his team at National Trust at Witley who are responsible for the area and have been very supportive in SN getting back to using Hindhead for orienteering following the tunnel construction.

Phil
